

non-animal origin

skin care additive

for cosmetics and toiletries

GENERAL INFORMATION

ANTI-AGING SKIN COMPLEX is a blend of ingredients, which moisturizes the skin at different levels. MEADOWESTOLIDE® helps adjust the hydration levels of interstitial spaces and provides significant moisturization benefits. These benefits are often perceived as softer, more pliant tissue. MEADOWLACTONE® is a very effective skin moisturizer. Its use helps to reduce irregularities and improves the appearance of the skin. FANCOR® Abyssinian Oil (Crambe Abyssinica Seed Oil) moisturizes and protects the epidermal layers. The Beta-Sitosterol maintains the integrity of cellular and tissue structure thereby keeping skin feeling and looking youthful. FANOLIV™ ActivE (Olea Europaea (Olive) Oil Unsaponifiables) provides emolliency. FANOLIV™ ActivE also contains Vitamin E, a natural anti-oxidant. The Safflower Oil provides a base vehicle which is mild, and is a rich source of linoleic acid.

INGREDIENTS

INCI name:

Meadowfoam Estolide, Meadowfoam Delta-Lactone, Crambe Abyssinica Seed Oil, Carthamus Tinctorius (Safflower) Seed Oil, Olea Europaea (Olive) Oil Unsaponifiables, Beta-Sitosterol

CTFA name:

Meadowfoam Estolide (and) Meadowfoam Delta-Lactone (and) Crambe Abyssinica Seed Oil (and) Carthamus Tinctorius (Safflower) Seed Oil (and) Olea Europaea (Olive) Oil Unsaponifiables (and) Beta-Sitosterol

APPLICATIONS

- Skin Care Products

KEY PROPERTIES

ANTI-AGING SKIN COMPLEX skin care additive

Typical properties include:

- Moisturizes and protects the epidermal layers of the skin
- Maintains hydration
- Improves the appearance of the skin
- Contains Vitamin E, a natural anti-oxidant

CHEMICAL AND PHYSICAL DATA

Appearance	Yellow to Amber Liquid
Color (Gardner)	10 max.
Acid Value	50 max.
Specific Gravity (20°C)	0.85-0.95
Refractive Index (20°C)	1.46-1.49

INCORPORATION

ANTI-AGING SKIN COMPLEX can be added at any convenient suitable stage during the manufacturing cycle.

LEVELS OF USE

The level of use of the ANTI-AGING SKIN COMPLEX will depend on the formulation. Typical addition levels are 1-20%.

COMPATIBILITY

ANTI-AGING SKIN COMPLEX additive can contribute greatly to a formulation's conditioning effect and does not have any compatibility issues.

TOXICITY

Care is taken to ensure that the ingredients used in the ANTI-AGING SKIN COMPLEX additive are not known to be injurious to health in any way and have been toxicologically tested to ensure their safety. However, the ANTI-AGING SKIN COMPLEX additives have not been subjected to testing involving the use of animals within the last 10 years.

STORAGE TEMPERATURES

Store in a closed container, away from excessive heat, light and humidity.

SHELF LIFE

ANTI-AGING SKIN COMPLEX has a shelf life of 2 (two) years from date of manufacture.

SAFETY

Before using this product, please consult our MSDS.
